LINERS AND FASTENERS FROM ONE SOURCE

ME Elecmetal now provides liner fasteners and fastener kits

Ridgeback Liner Bolts

- Unique patented design resulting in superior performance.
- Ridges on the bolt head allowing line fit in the critical bolt/liner interface - eliminates the stress of point loading from poor fit between bolt and liner.

- Rolled threads for superior clamping force
- Increased Mill Availability
- High strength forged washers with seal that won't crush under load.
- Optional Top Lock and Bottom Lock Nuts

Bolt Kits

- Each kit includes all bolts and sealing systems for each liner job.
- Eliminate warehouse issues and second guessing of quantities.

- Metal, tamperproof, and stackable crates color coded for quick and accurate placement at mill site.
